THE DAWN WAR

Gods and Primordials waged a brutal war for control of the universe. Tharizdun unleashed Evil, shattering the Lattice of Heaven and driving the Overgod J_On from the Heavens. Io was split into Tiamat and Bahamut by Zehir. Corellon rose as Overgod, gifting Magic to humanity to make them soldiers in the war.

AGE OF FIRE

As Gods and Primordials clashed, Dragons acted as both protectors and enslavers of humanity, earning the title "The Givers." When Io's death stripped Dragons of their spellcasting, humanity rebelled, hunting them to near extinction to gain favor with the surviving Gods and becoming the first paladins.

FIRST FLOWERING

Arch-Angel Asmodeus banished the Primordials and Tharizdun using the "Tides of Chaos." The II Gods divided control of the world, but Gruumsh, enraged by Corellon's refusal to grant him anything, stabbed him. Corellon's spilled blood birthed the first Elves, marking the dawn of their race and a new era.

THE CROWN WAR

While Corellon recovered in the Feywild, he crowned his daughter Velatha as Aire'tari, tasking her to unite Elves and humanity. Velatha's belief in Elven supremacy sparked a thousand-year war, ending with her use of High Magic to genocide the Dark Elves before being overthrown and slain by her own people.

AGE OF EMPIRES

The Dwarves emerged from their caves and swiftly conquered the world. However, their reign ended abruptly when the Red Dragon Ashardalon destroyed their capital. In a single night, the empire crumbled, leaving behind fragmented kingdoms known as "The Shattered Empire."

AGE OF HUMANITY

Born into a crumbling city-state after the fall of the Shattered Empire, King Rose united the remnants of humanity under his banner. Aided by Elf Mercenaries called the Taimavar, he conquered and enslaved his Tiefling & Dragonborn neighbors, founding Rosenhall, the most consequential Empire in history.

THE BEAST WAR

Kept alive by Elven Wizards, a feeble King Rose became a puppet of the Taimavar, who passed oppressive edicts against Goblinoids, and Wild Elves. The resulting "Beast" uprising brought a new Rosenhall Constitution, the execution of King Rose, and the creation of "Vlorfa," a haven for non-humanoids.

TIME OF ADVENTURE

The Cult of Tharizdun assassinated the last descendants of King Rose, and seized the Crown. A group of adventurers, "The Vanguard," rose to challenge the Cult, defeating them but failing to stop the Cult's final ritual, which wiped an entire continent out, and plunged Rosenhall into decades of Civil War.

AGE OF TWILIGHT

After the Vanguard vanished, a new group of heroes, "Ocean's Oath" assembled to end the Civil War and eradicate the remaining Cult sympathizers. They also aided Asmodeus in reassembling "The Tides of Chaos" to kill Tharizdun. In doing so, Asmodeus assumed the title of Overgod, uniting all 9 hells under his command.

A NEW DAWN

Rosenhall is splintered into five independent states. The Church of Asmodeus spreads like wildfire, while Corellon leads the Elves toward peace. New guildhalls inspire citizens to defend their fledgling nations from monsters in the dark.
